Board of Healing Arts

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted at 10 a.m. Thursday, August 26, at the office of the Kansas State Board of Healing Arts, 235 S. Topeka Blvd., Topeka, to consider adoption of three proposed amended rules and regulations (K.A.R. 100-28a-1, 100-29-7 and 100-69-5) all dealing with fees for physician assistants, physical therapists, physical therapist assistants and athletic trainers.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the above-referenced rules and regulations. All interested parties may submit comments prior to the hearing to the Board of Healing Arts at the address above. All interested parties will be given a reasonable opportunity to present their views, orally or in writing, concerning the adoption of the regulations during the hearing. In order to give all persons an opportunity to present their views, it may be necessary to request each participant to limit any oral presentations to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the regulations being considered and the economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Tammy Farr at (785) 296-8558 or Betty Johnson at (785) 296-3680. Handicapped parking is located at the west end of the Hutton Building, and the northwest entrance to the building is accessible.

The proposed amended rules and regulations to be considered at the hearing and the respective economic impact is as follows:

K.A.R. 100-28a-1. Fees. This regulation deals entirely with fees collected by the board for physician assistants for license application, reinstatement and renewal. Two new categories have been added to this fee regulation for those licensees who will have the option of renewing their license by paper or online.

K.A.R. 100-29-7. Fees. This regulation deals entirely with fees collected by the board for physical therapists and physical therapist assistants for license application, reinstatement and renewal. Two new categories have been added to this fee regulation for those licensees who will have the option of renewing their license by paper or online.

K.A.R. 100-69-5. Fees. This regulation deals entirely with fees collected by the board for athletic trainers for license application, reinstatement and renewal. Two new categories have been added to this fee regulation for those licensees who will have the option of renewing their license by paper or online. The paper renewal fee has increased from \$50 to \$70 and the online renewal fee will be \$67 plus an additional credit card and transaction fee that will equal \$70.

The board anticipates a loss of revenue totaling \$3,199 for the professions of physician assistants and physical

therapy due to decreasing the fee collected by the board by \$3 for online renewal and late renewal. However, the board anticipates an increase in revenue of \$4,159 for the profession of athletic training.

The regulations are not mandated by any federal law.

The online renewal and late renewal fees for all three professions will be less than a paper renewal to accommodate credit card processing and transaction fees so that the final cost to the licensee will be the same as if they had completed a paper renewal.

Copies of the proposed amended regulations and the associated economic impact statement may be obtained by contacting Betty Johnson, Kansas State Board of Healing Arts, 235 S. Topeka Blvd., Topeka, 66603, (785) 296-3680, or by visiting the board's Web site at www.ksbha.org/pubinfo.html.

Kansas Development Finance Authority

Notice of Hearing

A public hearing will be conducted at 9 a.m. Thursday, July 8, in the offices of the Kansas Development Finance Authority, 555 S. Kansas Ave., Suite 202, Topeka, on the proposal for the KDFA to issue its Agricultural Development Revenue Bond for the projects numbered below in the respective maximum principal amount. The bond will be issued to assist the respective borrower named below (who will be the owner and operator of the project) to finance the cost in the amount of the bond of acquiring the project or for the purpose of refunding a bond previously issued to finance the project. The projects shall be located as shown:

Project No. 000608—Maximum Principal Amount: \$38,000. Owner/Operator: Myron D. and Ann M. Hiebert. Description: Acquisition of 50 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at Section 30, Menno Township, Marion County, Kansas, approximately 2 miles north of Goessel at the corner of North Alamo and 140th.

Project No. 000609—Maximum Principal Amount: \$80,000. Owner/Operator: Eric M. Carlson. Description: Acquisition of 160 acres of agricultural land and related improvements and equipment to be used by the owner/operator for farming purposes. The project is located at the Northeast Quarter of Section 18, Township 18 South, Range 5 East, Marion County, Kansas, approximately 2 miles east of Lincolnville on gravel road 290th.

The bond, when issued, will be a limited obligation of the KDFA and will not constitute a general obligation or indebtedness of the state of Kansas or any political subdivision thereof, including the KDFA, nor will it be an indebtedness for which the faith and credit and taxing powers of the state of Kansas are pledged. The bond will be payable solely from amounts received from the respective borrower, the obligation of which will be sufficient to pay the principal of, interest and redemption premium, if any, on the bond when it becomes due.

All individuals who appear at the hearing will be given an opportunity to express their views, and all written comments previously filed with the KDFA at its offices at 555 S. Kansas Ave., Suite 202, Topeka, 66603, will be considered. Additional information regarding the project may be obtained by contacting the KDFA.

Any individual affected by the above-described projects may, at or prior to the hearing, file a written request with the KDFA that a local hearing be held on the proposal to issue a bond to finance said project. A local hearing, if requested, would be conducted in the county where the project in question is located.

Notice of Available Grant Funding

Grant funds are available from the Governor's Discretionary Portion of the Federal Safe and Drug-Free Schools and Communities Act for federal year October 1, 2004 through September 30, 2005. The purpose of the Governor's Discretionary Portion of the Federal Safe and Drug-Free Schools and Communities Act (SDFSCA) is to support programs that prevent violence in and around schools; prevent the illegal use of alcohol, tobacco and drugs; involve parents and communities; and coordinate with related federal, state, school and community efforts and resources to foster a safe and drug-free learning environment that supports student academic achievement. The Governor's Federal Grants Program also defines prevention as the "active process that creates and rewards conditions that lead to healthy behaviors and lifestyles."

Priority will be given to programs and activities that prevent illegal drug use and violence for the following:

- 1. Children and youth who are not normally served by the state educational agencies or local educational agencies; or
- 2. Populations that need special services or additional resources, such as youth in juvenile detention facilities, runaway or homeless children and youth, pregnant and parenting teenagers, and suspended or expelled students.

Special consideration will be given to applicants that pursue a comprehensive approach to drug and violence prevention that includes providing and incorporating mental health services related to drug and violence prevention in their program.

Grant applications may be obtained by contacting the Office of the Governor's Federal Grants Program at (785) 291-3205. Applications also may be accessed via the Internet at www.ksgovernor.org. This is to obtain a printed copy only. Applications cannot be submitted online.

All grant applications must be received by 5 p.m. Fri-

day, July 30.

Marmaton Watershed Joint District No. 102

Request for Engineering Services

The Marmaton Watershed Joint District No. 102 is seeking qualified consulting engineering firms for the project listed below. A response may be mailed to Charles Bruner, Contracting Officer, Marmaton Watershed District, P.O. Box 114, Uniontown, 66779. Responses must be received by 5 p.m. July 15 for the consulting engineering firm to be considered.

Project: Marmaton Watershed Site C-2 Dam Construction

The scope of services is to provide engineering services for the design plans, drawings, specifications, permit application, construction bidding process, contract documents and other required documentation to be submitted to the Kansas Division of Water Resources for the construction of the Marmaton Watershed Site C-2. Services also will include geologic site investigation, laboratory soil testing, site staking, surveying, construction inspection and testing, and submittal of all required as-built plans and certificates of completion to the Division of Water Resources.

Site C-2 is located approximately 2 miles west and 1 mile north of Uniontown in Section 17, Township 25 South, Range 22 East, Bourbon County, Kansas, and consists of the construction of an earthen dam that controls approximately 5.3 square miles of drainage area.

The following criteria will be used as the basis for selection of the consulting engineering firms:

- 1. Professional qualifications necessary for satisfactory performance of required services;
- specialized experience and technical competence with respect to watershed dam design and construction:
- 3. location of firm in the general geographic area of the project and knowledge of the locality of the project;
- 4. work load of firm and capacity to accomplish the work in the required time; and
- 5. firm's performance record in contracts with watershed districts and private industry in terms of cost control, quality of work and compliance with performance schedules.

Article 46.—CHILD ABUSE AND NEGLECT

- **30-46-10. Definitions.** Pursuant to K.S.A. 38-1523 and amendments thereto, the following definitions shall apply. (a) "Abuse" means any act or failure to act that results in any of the following to a child under the age of 18 who resides in Kansas or is found in Kansas, regardless of where the act or failure to act occurred:
 - (1) Death:
- (2) physical injury or deterioration or the imminent risk of serious injury;
 - (3) mental or emotional injury or deterioration; or
 - (4) sexual abuse.

This term shall include any act or failure to act that occurred in Kansas, regardless of where the child is found or resides.

- (b) "Alleged perpetrator" means the person identified in the initial report or during the investigation as the person suspected of perpetrating an act of abuse or neglect.
- (c) "Department" means the Kansas department of social and rehabilitation services.
- (d) "Investigation" means the gathering and assessing of information to determine if a child has been abused or neglected.
- (e) "Mental or emotional abuse" means the infliction of mental or emotional injury on a child or the causation of a child's deterioration. This term may include the following:
- (1) Any act or omission that impairs a child's social, emotional, or intellectual functioning;
- (2) terrorizing a child, by creating a climate of fear or engaging in violent or threatening behavior toward the child or toward others in the child's presence that demonstrates a flagrant disregard for the child;
- (3) emotionally abandoning a child, by being psychologically unavailable to the child, demonstrating no at-

- tachment to the child, or failing to provide adequate nurturance of the child;
- (4) corrupting a child, by teaching or rewarding the child for unlawful, antisocial, or sexually mature behavior:
- (5) maltreating or exploiting a child to the extent that the child's health or emotional well-being is endangered; and
- (6) engaging in any behavior having substantially the same effect on the child as that of any of the actions specified in paragraphs (e)(1) through (e)(5).
- (f) "Neglect" means any act or omission resulting in harm to a child or presenting a likelihood of harm if the act or omission is not due solely to the lack of financial means of a child's parent or other custodian. This term shall include any act or omission involving a child under the age of 18 who resides in Kansas or is found in Kansas, regardless of where the act or failure to act occurred. This term shall also include any act or failure to act that occurred in Kansas, regardless of where the child is found or resides, and may include the following:
- (1) Failure to provide the child with food, clothing, or shelter necessary to sustain the life or health of the child;
- (2) failure to provide adequate supervision of a child or to remove a child from a situation that requires judgment or actions beyond the child's level of maturity, physical condition, or mental abilities and that results in bodily injury or the likelihood of harm to the child;
- (3) failure to use resources available to treat a diagnosed medical condition if the treatment would make the child substantially more comfortable, reduce pain and suffering, correct or substantially diminish a crippling condition, lengthen the life span, or prevent the condition from worsening; and
- (4) any behavior or omission having substantially the same effect on the child as that of any of the actions specified in paragraphs (f)(1) through (f)(3).
- (g) "Physical abuse" means the infliction of physical injury on a child or the causation of a child's deterioration. This term shall include any nonaccidental or intentional action or inaction that results in bodily injury or that presents the imminent risk of serious injury.
- (h) "Sexual abuse" means any act committed with a child that is described in K.S.A. 21-3501 et seq. and amendments thereto and the acts described in K.S.A. 21-3602 and K.S.A. 21-3603 and amendments thereto. This term may include the following:
- (1) Any contact or interaction with a child in which the child is being used for the sexual stimulation of the perpetrator, the child, or another person; and
- (2) allowing, permitting, or encouraging a child to engage in prostitution or to be photographed, filmed, or depicted in obscene or pornographic material.
- (i) "Substantiated abuse or neglect" means that a report of abuse or neglect has been confirmed by clear and convincing evidence.
- (j) "Substantiated perpetrator" and "perpetrator" mean a person who has been validated by the secretary or designee, using clear and convincing evidence, to have committed an act of substantiated abuse or neglect, regardless of where the person resides and, consequently,

(continued

to pose a danger to children. These terms shall replace the term "validated perpetrator." (Authorized by K.S.A. 38-1523 and K.S.A. 39-708c; implementing K.S.A. 38-1523 and K.S.A. 65-516; effective Jan. 2, 1989; amended Jan. 2, 1990; amended Oct. 1, 1993; amended Jan. 1, 1997; amended Oct. 3, 1997; amended July 9, 2004.)

- **30-46-13.** Right to interview. Each alleged perpetrator shall have an opportunity to be interviewed before a finding is issued substantiating a perpetrator under K.A.R. 30-46-15. (Authorized by K.S.A. 39-708c; implementing K.S.A. 38-1523, K.S.A. 39-708c, and K.S.A. 65-516; effective Jan. 2, 1989; amended Oct. 28, 1991; amended July 1, 1997; amended July 9, 2004.)
- **30-46-15. Notice of decision.** The substantiated perpetrator shall be notified in writing of the secretary's decision to substantiate the perpetrator for the purpose of placing the name of the perpetrator in the child abuse and neglect central registry. The notice shall set forth the reasons for the finding and shall inform the substantiated perpetrator of the perpetrator's right to appeal the decision. (Authorized by K.S.A. 39-708c; implementing K.S.A. 38-1523, K.S.A. 39-708c, and K.S.A. 65-516; effective Jan. 2, 1989; amended Oct. 28, 1991; amended July 1, 1997; amended July 9, 2004.)
- **30-46-16.** Child abuse and neglect central registry. The name of a substantiated perpetrator shall not be entered into the department's child abuse and neglect central registry until the person has exhausted or failed to exercise the appeal process in K.A.R. 30-7-64 through 30-7-104. (Authorized by K.S.A. 39-708c; implementing K.S.A. 38-1523, K.S.A. 39-708c, and K.S.A. 65-516; effective Jan. 2, 1989; amended July 1, 1997; amended July 9, 2004.)
- **30-46-17.** Expungement of name of perpetrator from central registry. (a) Application for expungement.
- (1) Any perpetrator of abuse or neglect may apply in writing to the secretary to have the perpetrator's name expunged from the central registry when three years have passed since the perpetrator's name was entered on the central registry or when information is presented that was not available at the time of the finding of abuse or neglect.
- (2) Each application for expungement shall be referred to the expungement review panel. The panel shall consist of the commissioner of children and family services or the commissioner's designee, the chief legal counsel of the department or the counsel's designee, and a representative of the public appointed by the secretary. The commissioner of children and family services or the commissioner's designee shall chair the panel.
- (3) A review hearing shall be convened by the panel, at which time the applicant may present evidence supporting expungement of the applicant's name from the central registry. Evidence in support of or in opposition to the application may be presented by the regional office that conducted the original investigation. A request for expungement from a perpetrator shall receive a hearing by the review panel only once every 12 months.
- (4) Recommendations of the review panel shall be determined by majority vote. The following factors shall be considered by the panel in making its recommendation:

- (A) The nature and severity of the act of abuse or neglect;
- (B) the number of findings of abuse or neglect involving the applicant;
- (C) if the applicant was a child at the time of the finding of the abuse or neglect for which expungement is requested, the age of the applicant at the time of this occurrence;
- (D) circumstances that no longer exist that contributed to the finding of abuse or neglect by the applicant; and
- (E) actions taken by the applicant to prevent the reoccurrence of acts of abuse or neglect.
- (5) The review hearing shall be set within 30 days from the date the application for expungement is received by the department. A written notice shall be sent to the applicant and the regional office that made the finding by the director of children and family services or the director's designee at least 10 days before the hearing. The notice shall state the day, hour, and place of the hearing. Continuances may be granted only for good cause.
- (6) A written recommendation to the secretary shall be rendered by the panel within 60 days from the date of the hearing. The decision of the secretary shall be in writing and shall set forth the reasons for the decision.
- (b) Expungement by the secretary. Any record may be expunged from the central registry by the secretary or the designee of the secretary when 18 years have passed since the most recent finding of abuse or neglect. (Authorized by K.S.A. 39-708c; implementing K.S.A. 38-708c and K.S.A. 65-516; effective Jan. 2, 1989; amended Jan. 1, 1990; amended July 1, 1997; amended July 9, 2004.)

Article 1.—KANSAS FIRE PREVENTION CODE

- **22-1-2.** Compliance with certain building codes. A building shall be deemed to comply with the Kansas fire prevention code if the building conforms to one of the following building codes and to any additional special requirements of the Kansas fire prevention code and if the building has been issued a certificate of occupancy: (a) The 1997 edition of the uniform building code (UBC);
- (b) the 1999 edition of the building officials and code administrators (BOCA) basic building code;
- (c) the 1997 edition of the standard building code, which is also known as the southern building code (SBC); or
- (d) the 2000 edition of the international building code (IBC). (Authorized by and implementing K.S.A. 31-134a; effective May 1, 1985; amended Aug. 28, 1989; amended May 10, 1993; amended July 9, 2004.)
- **22-1-7.** Code footprint. (a)(1) "Code footprint" shall mean a building and life safety code compliance docu-

ment that contains both graphic and narrative information and that meets the requirements of this regulation.

- (2) Each code footprint shall be submitted in the following format:
- (A) A full-sized drawing consisting of a complete floor plan, including existing facilities and new construction, for each floor of the facility, including basements and mezzanines; and
- (B) an 11-inch by 17-inch reduction of the full-sized drawing, sealed by a Kansas-licensed design professional.
- (3) A code footprint shall be prepared for all new buildings, new building additions, changes in occupancy, or building renovation, with the exception of buildings used solely as dwelling houses containing no more than two families. Each code footprint shall be prepared by a Kansas-licensed design professional. Upon request, a code footprint shall be provided to the fire or building official in the municipality where the work is occurring.
- (4) A code footprint shall be submitted to the state fire marshal for review and approval for any new construction, renovation, or change of occupancy for the following types of buildings:
- (A) Any group A assembly occupancy having a combined occupant load in excess of 2,000 persons;
- (B) any group B business occupancy used at any community college, area vocational school, vocational-technical school, technical college, or any institution under the governance of the state board of regents;
- (C) any group A assembly occupancy mixed with a group E educational occupancy or a group I institutional occupancy;
- (D) any group E educational occupancy, including any day care facility for more than 24 persons;
- (E) any group I institutional occupancy, including any state or other governmental entity's detention facilities, and any occupancy physically attached to a group I occupancy regardless of fire barrier separation; and
- (F) any group R-1 or R-2 residential occupancy that is three or more stories in height, including basements, or more than 12,000 square feet in area, and any R-4 residential occupancy.
- (b) The following shall be required on all code footprints:
 - (1) A graphic bar scale;
 - (2) a north directional indicator;
- (3) a complete building floor plan, with a clear identification of new, remodeled, and existing portions;
- (4) identification of all permanent partitions taller than six feet;
- (5) a label with plain text, keynotes, or legends for each room and space;
- (6) the occupant load of assembly rooms and total occupant load for each floor level;
- (7) identification of openings and ratings of stair and shaft enclosures;
- (8) identification of openings and ratings of corridors and openings;
 - (9) identification of occupancy and area separations;
- (10) identification of all horizontal exit arrangements, exit passageways, and smoke compartments;

- (11) identification of all required exterior exits and exit capacity;
- (12) the location of the central fire alarm control panel and any remote annunciator panels;
- (13) the location of each fire department supply connection;
- (14) the location of fire department access roads and fire hydrants;
 - (15) the distances to property line and exposures;
- (16) identification of any special hazards or conditions;
 - (17) the location of any anticipated future additions.
- (c) The following narrative information shall be required on each code footprint submitted:
- (1) The project construction purpose: new, addition, change in use, renovation, or other;
- (2) the reason for submittal: new construction, new licensure, certificate of occupancy, or plan of correction for existing code deficiencies;
 - (3) the code or codes used;
- (4) the street address, city, state, zip code, and county of the building;
- (5) the name, address, city, state, zip code, phone number, and fax number of the owner;
 - (6) the date developed and any revision dates;
- (7) the name, address, city, state, zip code, phone number, and fax number of the designer;
 - (8) the designer's seal (RA or PE);
 - (9) the name of the responding fire service;
- (10) the name of the local building inspection department, if available;
 - (11) each occupancy group and type;
 - (12) the type of construction;
- (13) the structural code requirements, including the following:
- (A) The total floor area of each occupancy, both actual and allowable;
- (B) height and area limitations, both actual and allowable; and
 - (C) structural fire ratings, both actual and allowable;
- (14) identification of active fire safety features, including the following:
- (A) The type of automatic suppression systems and locations;

Wildlife and Parks Commission

Notice of Hearing on Proposed Administrative Regulations

A public hearing will be conducted by the Wildlife and Parks Commission at 7 p.m. Thursday, August 26, at the Highland Hotel and Convention Center (formerly the Holiday Inn), 3017 10th St., Great Bend, to consider the approval and adoption of a proposed administrative regulation of the Kansas Department of Wildlife and Parks.

A workshop meeting on business of the Wildlife and Parks Commission will begin at 1:30 p.m. August 26 at the location listed above. The meeting will recess at 5 p.m., then resume at 7 p.m. at the same location for the regulatory hearing. There will be public comment periods at the beginning of the afternoon and evening meetings for any issues not on the agenda, and additional comment periods will be available during the meeting on agenda items. Old and new business also may be discussed at this time. If necessary to complete the hearing or other business matters, the commission will reconvene at 9 a.m. August 27 at the same location.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting Sheila Kemmis, commission secretary, at (620) 672-5911. Persons with a hearing impairment may call the TDD service at 1-800-766-3777 to request special accommodations.

This 60-day notice period prior to the hearing constitutes a public comment period for the purpose of receiving written public comments on the proposed administrative regulation. All interested parties may submit written comments prior to the hearing to the chairman of the commission, Kansas Department of Wildlife and Parks, 1020 S. Kansas Ave., Suite 200, Topeka, 66612. All interested parties will be given a reasonable opportunity at the hearing to express their views orally in regard to the adoption of the proposed regulation. During the hearing, all written and oral comments submitted by interested parties will be considered by the commission as a basis for approving, amending and approving, or rejecting the proposed regulation.

The regulation that will be heard during the regulatory hearing portion of the meeting is as follows:

K.A.R. 115-18-1. This permanent regulation sets the application, reporting and general requirements for wildlife rehabilitation permits. The proposed amendments include minimum age for permittees, a base level of knowledge and experience, examination of applicants and continuing education, inspection of facilities, wildlife care requirements, transfer requirements, provisions for emergency care and transfer, record keeping and cancellation of permits.

Economic Impact Summary: The proposed amendments will have an impact on the department and current rehabilitation permittees. However, after implementation

of the new program, impact to the department and permittees will diminish substantially.

Copies of the complete text of the regulation and the economic impact statement may be obtained by contacting the chairman of the commission at the address above or by calling (785) 296-2281.

Request for Comments

The Kansas Department of Health and Environment and the Unified Government of Wyandotte County/Kansas City, Kansas Department of Air Quality are soliciting comments regarding a proposed air quality construction permit. Conoco Phillips Company has applied for an air quality construction permit in accordance with the provisions of K.A.R. 28-19-300 to construct an additional bay at its bulk gasoline terminal loading rack. Emissions of volatile organic compounds, oxides of nitrogen and carbon monoxide were evaluated during the permit review process.

Conoco Phillips Company, Ponca City, Oklahoma, owns and operates the stationary source located at 2029 Fairfax Trafficway, Kansas City, Kansas, at which the additional bay is to be constructed.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during review of the permit application is available for public inspection for a period of 30 days from the date of publication during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, and at the Department of Air Quality, 619 Ann Ave., Kansas City, Kansas. To obtain or review the proposed permit and supporting documentation, contact Brie Wilkins, (785) 296-6422, at the KDHE central office, or Andrew Beard, (913) 573-6700, at the Department of Air Quality. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Andrew Beard, Department of Air Quality, 619 Ann Ave., Kansas City, KS 66101. In order to be considered in formulating a final permit decision, written comments must be received before the close of business July 26.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Brie Wilkins, Bureau of Air and Radiation, KDHE, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366, not later than the close of business July 26 in order for the Secretary of Health and Environment to consider the request.

Request for Comments

The Kansas Department of Health and Environment is soliciting comments regarding a proposed air quality operating permit. Pioneer Natural Resources has applied for a Class I operating permit in accordance with the provisions of K.A.R. 28-19-510 et seq. The purpose of a Class I permit is to identify the sources and types of regulated air pollutants emitted from the facility; the emission limitations, standards and requirements applicable to each source; and the monitoring, record keeping and reporting requirements applicable to each source as of the effective date of permit issuance.

Pioneer Natural Resources, Irving, Texas, owns and operates Ulysses Compressor Station located at Section 10, Township 30 South, Range 37 West, Grant County, Kansas.

A copy of the proposed permit, permit application, all supporting documentation and all information relied upon during the permit application review process is available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the KDHE South Central District Office, 130 S. Market, Suite 6050, Wichita. To obtain or review the proposed permit and supporting documentation, contact Michael J. Parhomek, (785) 296-1580, at the KDHE central office; and to review the pro-

posed permit only, contact Don Mies, (316) 337-6107, at the KDHE South Central District Office. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the proposed permit to Michael J. Parhomek, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating a final permit decision, written comments must be received before the close of business July 25.

A person may request a public hearing be held on the proposed permit. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Brie Wilkins, Bureau of Air and Radiation, not later than the close of business July 25 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

and reporting requirements applicable to each source as of the effective date of permit issuance. Notice also is given that certain requirements in the construction approvals dated December 20, 1995, and June 11, 1999, are being modified by a modification of approval conditions.

The Coleman Company, Inc., Wichita, owns and operates a fabricated metal products facility located at 5605 N. 119th St. West, Maize.

A copy of the proposed permit, permit application, all supporting documentation, all information relied upon during the permit application review process and a copy of the modification of approval conditions are available for a 30-day public review during normal business hours at the KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka; and a copy of the proposed permit can be reviewed at the Wichita Department of Environmental Health, 1900 E. 9th, Wichita. To obtain or review either document, contact David Behzadpour, (785) 291-3278, at the KDHE central office; and to review the proposed permit only, contact Randy Owen, (316) 268-8448, at the Wichita Department of Environmental Health. The standard departmental cost will be assessed for any copies requested.

Direct written comments or questions regarding the documents to David Behzadpour, KDHE, Bureau of Air and Radiation, 1000 S.W. Jackson, Suite 310, Topeka, 66612-1366. In order to be considered in formulating final document decisions, written comments must be received before the close of business July 26.

A person may request a public hearing be held on the proposed documents. The request for a public hearing shall be in writing and set forth the basis for the request. The written request must be submitted to Brienne Wilkins, Bureau of Air and Radiation, not later than the close of business July 26 in order for the Secretary of Health and Environment to consider the request.

The U.S. Environmental Protection Agency has a 45-day review period, which will start concurrently with the 30-day public comment period, within which to object to the proposed permit. If the EPA has not objected in writing to the issuance of the permit within the 45-day review period, any person may petition the administrator of the EPA to review the permit. The 60-day public petition period will directly follow the EPA 45-day review period. If the EPA waives its 45-day review period, the 60-day public petition period will start directly after the 30-day public comment period. Interested parties may contact KDHE to determine if the EPA's 45-day review period has been waived.

Any such petition shall be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided for in this notice, unless the petitioner demonstrates that it was impracticable to raise such objections within such period, or unless the grounds for such objection arose after such period. Contact Gary Schlicht, U.S. EPA, Region VII, Air Permitting and Compliance Branch, 901 N. 5th St., Kansas City, KS 66101, (913) 551-7097, to determine when the 45-day EPA review period ends and the 60-day petition period commences.

Persons wishing to comment on or object to the draft permits and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment if they wish to have the comments or objections considered in the decision making process. Comments or objections should be submitted to the attention of April Romero for agricultural permits or applications, or to the permit clerk for all other permits, at the Kansas Department of Health and Environment, Division of Environment, Bureau of Water, 1000 S.W. Jackson, Suite 420, Topeka, 66612-1367.

All comments regarding the draft permit or application notice postmarked or received on or before July 24 will be considered in the formulation of final determinations regarding this public notice. Please refer to the appropriate Kansas permit number (KS-AG-04-193/201) and name of applicant/application as listed when preparing comments.

If no objections are received during the public notice period regarding any proposed permit, the Secretary of Health and Environment will issue the final determination regarding issuance or denial of the proposed permit. If response to this notice indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). Media coordination for publication and/or announcement of the public notice or public hearing is handled by the Kansas Department of Health and Environment.

For agricultural permits and applications, a copy of the permit application, supporting documentation and a KDHE-developed fact sheet, if appropriate, is available for review at the appropriate district office:

Northwest District Office, 2301 E. 13th, Hays, 67601-2651, (785) 625-5664

Proposals will be issued upon request to all prospective bidders who have been prequalified by the Kansas Department of Transportation on the basis of financial condition, available construction equipment and experience. Also, a statement of unearned contracts (Form No. 284) must be filed. There will be no discrimination against anyone because of race, age, religion, color, sex, handicap or national origin in the award of contracts.

Each bidder shall file a sworn statement executed by or on behalf of the person, firm, association or corporation submitting the bid, certifying that such person, firm, association or corporation has not, either directly or indirectly, entered into any agreement, participated in any collusion, or otherwise taken any action in restraint of free competitive bidding in connection with the submitted bid. This sworn statement shall be in the form of an affidavit executed and sworn to by the bidder before a person who is authorized by the laws of the state to administer oaths. The required form of affidavit will be provided by the state to each prospective bidder. Failure to submit the sworn statement as part of the bid approval package will make the bid nonresponsive and not eligible for award consideration.

Plans and specifications for the projects may be examined at the office of the respective county clerk or at the KDOT district office responsible for the work.

State of Kansas

Social and Rehabilitation Services Department on Aging

Notice of Final Nursing Facility Medicaid Rates for State Fiscal Year 2005; Methodology for Calculating Final Rates, and Rate Justifications; Response to Written Comments; and Notice of Intent to Amend the Medicaid State Plan

Under the Medicaid program, 42 U.S.C. 1396 et seq., the state of Kansas pays nursing facilities, nursing facilities for mental health, and hospital long-term care units (hereafter collectively referred to as nursing facilities) a daily rate for care provided to residents who are eligible for Medicaid benefits. The Secretary of Aging administers the Medicaid nursing facility services payment program on behalf of the Secretary of Social and Rehabilitation Services. As required by 42 U.S.C. 1396a(a)(13), as amended by Section 4711 of the Balanced Budget Act of 1997, P.L. No. 105-33, 101 Stat. 251, 507-08 (August 5, 1997), the Secretary of the Kansas Department of Social and Rehabilitation Services (SRS) and the Secretary of the Kansas Department on Aging (KDOA) are publishing the final Medicaid per diem rates for Medicaid-certified nursing facilities for state fiscal year 2005, the methodology underlying the establishment of the final nursing facility rates, and the justifications for those final rates. SRS and KDOA also are providing notice of the state's intent to submit amendments to the Medicaid State Plan to the U. S. Department of Health and Human Services' Centers for Medicare and Medicaid Services (CMS) on or before September 30, 2004.

I. Methodology Used to Calculate Medicaid Per Diem Rates for Nursing Facilities.

In general, the state uses a prospective, cost-based, facility-specific rate-setting methodology to calculate nursing facility Medicaid per diem rates, including the rates listed in this notice. The state's rate-setting methodology is contained primarily in the following described documents and authorities and in the exhibits, attachments, regulations, or other authorities referenced in them:

- A. The following portions of the Kansas Medicaid State Plan maintained by SRS:
- 1. Attachment 4.19D, Part I, Subpart C, Exhibit C-1, inclusive;
 - 2. Attachment 4.19D, Part I, Subpart E; and
 - B. SRS regulations set out in K.A.R. Article 30-10.

(continued)

The text of those portions of the Medicaid State Plan identified above in sections IA.1-2, but not the documents, authorities and the materials incorporated into them by reference, are reprinted in this notice. Those Medicaid State Plan provisions set out in this notice appear in the versions that the state currently intends to submit to CMS on or before September 30, 2004. The Medicaid State Plan amendments that the state ultimately submits to CMS may differ from the versions contained in this notice.

Copies of the documents and authorities containing the state's rate-setting methodology are available upon written request. A request for copies will be treated as a request for public records under the Kansas Open Records Act, K.S.A. 45-215 et seq. The state will charge a fee for copies. Written requests for copies should be sent to:

A.1 Attachment 4.19D, Part I, Subpart C, Exhibit C-1: Methods and Standards for Establishing Payment Rates for Nursing Facilities

Under the Medicaid program, the state of Kansas pays nursing facilities, nursing facilities for mental health, and hospital long-term care units (hereafter collectively referred to as nursing facilities) a daily rate for care provided to residents who are eligible for Medicaid benefits. The narrative explanation of the nursing facility (NF) reimbursement formula is divided into 12 sections. The sections are: Cost Reports, Rate Determination, Quarterly Case Mix Index Calculation, Resident Days, Inflation Factors, Upper Payment Limits, Quarterly Case Mix Index Rate Adjustments, Real and Personal Property Fee, Incentive Factors, Rate Effective Date, Retroactive Rate Adjustments, and Comparable Private Pay Rates.

1) Cost Reports

The Nursing Facility Financial and Statistical Report (MS2004) is the uniform cost report. It is included in Kansas Administrative Regulation (K.A.R.) 30-10-17. It organizes the commonly incurred business expenses of providers into three reimbursable cost centers (operating, indirect health care and direct health care). Ownership costs (i.e., mortgage interest, depreciation, lease and amortization of leasehold improvements) are reported but reimbursed through the real and personal property fee. There is a non-reimbursable/non-resident related cost center so that total operating expenses can be reconciled to the providers accounting records.

All cost reports are desk reviewed by agency auditors. Adjustments are made, when necessary, to the reported costs in arriving at the allowable historic costs for the rate computations.

Calendar Year End Cost Reports

All providers that have operated a facility for 12 or more months on December 31 shall file a calendar year cost report. The requirements for filing the calendar year cost report are found in K.A.R. 30-10-17.

When a non-arms length change of provider takes place or an owner of the real estate assumes the operations from a lessee, the facility will be treated as an ongoing operation. In this situation, the related provider or owner shall be required to file the calendar year end cost report. The new operator or owner is responsible for obtaining the cost report information from the prior operator for the months during the calendar year in which the new operator was not involved in running the facility. The cost report information from the old and new operators shall be combined to prepare a 12-month calendar year end cost report.

Projected Cost Reports

The filing of projected cost reports are limited to: 1) newly constructed facilities; 2) existing facilities new to the Medicaid program; or 3) a provider re-entering the Medicaid program that has not actively participated or billed services for 24 months or more. The requirements are found in K.A.R. 30-10-17.

2) Rate Determination

Rates for Existing Nursing Facilities

Medicaid rates for Kansas NFs are determined using a prospective, facility-specific rate-setting system. The rate is determined from the base year cost data submitted by the provider. The current base year is 2001.

The allowable expenses are divided into three cost centers. The cost centers are Operating, Indirect Health Care and Direct Health Care. They are defined in K.A.R. 30-10-18.

The allowable historic per diem cost is determined by dividing the allowable resident-related expenses in each cost center by resident days. The allowable historic per diem cost may be adjusted by an inflation factor. The resident days and inflation factors used in the rate determination will be explained in greater detail in the following sections.

The inflated allowable historic per diem cost for each cost center is then compared to the cost center upper payment limit. The allowable per diem rate is the lesser of the inflated allowable historic per diem cost in each cost center or the cost center upper payment limit. Each cost center has a separate upper payment limit. If each cost center upper payment limit is exceeded, the allowable per diem rate is the sum of the three cost center upper payment limits. There also is a separate upper payment limit for owner, related party, administrator, and co-administrator compensation. The upper payment limits will be explained in more detail in a separate section.

The case mix of the residents adjusts the Direct Health Care cost center. The reasoning behind a case mix payment system is that the characteristics of the residents in a facility rather than the characteristics of the facility should determine the payment rate. The idea is that certain resident characteristics can be used to predict future costs to care for residents with those same characteristics. For these reasons, it is desirable to use the case mix classification for each facility in adjusting provider rates.

There are add-ons to the allowable per diem rate. The add-ons consist of the incentive factor and the real and personal property fee. The incentive factor and real and personal property fee are explained in separate sections of this exhibit. The add-ons plus the allowable per diem rate equal the total per diem rate.

Rates for New Construction and New Facilities

The per diem rate for newly constructed nursing facilities or new facilities to the Kansas Medical Assistance program shall be based on a projected cost report submitted in accordance with K.A.R. 30-10-17.

Rates for Facilities Recognized as a Change of Provider

The payment rate for the first 24 months of operation shall be based on the base year historical cost data of the previous owner or provider. If base year data is not available the most recent calendar year data for the previous provider shall be used. Beginning with the first day of the 25th month of operation the payment rate shall be based on the historical cost data for the most recent calendar year submitted by the new provider.

Rates for Facilities Re-entering the Program

The per diem rate for each provider re-entering the Medicaid program shall be determined from a projected cost report if the provider has not actively participated in the program by the submission of any current resident service billings to the program for 24 months or more. The per diem rate for all other providers re-entering the program shall be determined from the last historic cost report filed with the agency.

3) Quarterly Case Mix Index Calculation

Providers are required to submit to the agency the uniform assessment instrument, which is the Minimum Data Set (MDS), for each resident in the facility. The MDS assessments are maintained in a computer database.

The Resource Utilization Groups-III (RUG-III) Version 5.12b, 34 group, index maximizer model is used as the resident classification system to determine all case mix indices, using data from the MDS submitted by each facility. Standard Version 5.12b case mix indices developed by the Health Care Financing Administration (now the Centers for Medicare and Medicaid Services) shall be the basis for calculating facility average case mix indices to be used to adjust the Direct Health Care costs in the determination of upper payment limits and rate calculation. Resident assessments that cannot be classified will be assigned the lowest CMI for the state.

Each resident in the facility on the first day of each calendar quarter with a completed and submitted assessment shall be assigned a RUG-III 34 group calculated on the resident's most current assessment available on the first day of each calendar quarter. This RUG-III group shall be translated to the appropriate CMI. From the individual resident case mix indices, three average case mix indices for each Medicaid nursing facility shall be determined four times per year based on the assessment information available on the first day of each calendar quarter.

The facility-wide average CMI is the simple average, carried to four decimal places, of all resident case mix indices. The Medicaid-average CMI is the simple average, carried to four decimal places, of all indices for residents where Medicaid is known to be a per diem payer source

on the first day of the calendar quarter or at any time during the preceding quarter. The private-pay/other average CMI is the simple average, carried to four decimal places, of all indices for residents where neither Medicaid nor Medicare were known to be the per diem payer source on the first day of the calendar quarter or at any time during the preceding quarter. Case mix indices for ventilator-dependent residents for whom additional reimbursement has been determined shall be excluded from the average CMI calculations.

The resident listing cut off for calculating the average CMIs will be the first day of the quarter before the rate is effective. The following are the dates for the resident listings and the quarter in which the average Medicaid CMIs will be used in the quarterly rate-setting process.

Rate Effective Date:	Cutoff Date:
July 1	April 1
October 1	July 1
January 1	October 1
April Í	January 1

The resident listings will be mailed to providers prior to the dates the quarterly case mix adjusted rates are determined. This will allow the providers time to review the resident listings and make corrections before they are notified of new rates. The cutoff schedule may need to be modified in the event accurate resident listings and Medicaid CMI scores cannot be obtained from the MDS database.

4) Resident Days

The allowable historic per diem costs for the Direct Health Care cost center and for food and utilities in the Indirect Health Care cost center are determined by dividing the allowable resident related expenses by the actual resident days during the cost report period used to establish the base year rate. The allowable historic per diem cost for the Operating and Indirect Health Care Cost Centers less food and utilities is subject to an 85% minimum occupancy rule. The greater of the actual resident days for the cost report period used to establish the base year rate or the 85% minimum occupancy based on the number of licensed bed days during the cost report period used to establish the base year rate is used as the total resident days in the rate calculation for the Operating cost center and the Indirect Health Care cost center less food and utilities. All licensed beds are required to be certified to participate in the Medicaid program.

There are two exceptions to the 85% minimum occupancy rule. The first is that it does not apply to a provider who is allowed to file a projected cost report for an interim rate. Both the rates determined from the projected cost report and the historic cost report covering the projected cost report period are based on the actual resident days for the period.

The second exception is for the first cost report filed by a new provider who assumes the rate of the previous provider. If the 85% minimum occupancy rule was applied to the previous provider's rate, it is also applied when the rate is assigned to the new provider. However, when the new provider files a historic cost report for any part of

(continued,

the first 12 months of operation, the rate determined from the cost report will be based on actual days and not be subject to the 85% minimum occupancy rule for the months in the first year of operation. The 85% minimum occupancy rule is then reapplied to the rate when the new provider reports resident days and costs for the 13th month of operation and after.

5) Inflation Factors

An additional 12 months of inflation will be applied to the allowable reported costs from the calendar year end 2001 cost reports. The inflation will be based on the Data Resources, Inc.- WEFA, National Skilled Nursing Facility Market Basket Without Capital Index (DRI Index).

The DRI Indexes listed in the latest available quarterly publication will be used to determine the inflation tables for the payment schedules processed during the payment rate period. This may require the use of forecasted factors in the inflation table. The inflation tables will not be revised until the next payment rate period.

The inflation factor will not be applied to the following costs:

- 1) Owner/Related Party Compensation
- 2) Interest Expense
- 3) Real and Personal Property Taxes

The inflation factor for the real and personal property fees will be based on the Data Resources, Inc.-WEFA, National Skilled Nursing Facility Total Market Basket Index (DRI Index). An additional 12 months of inflation will be applied to the real and personal property fees in effect June 1, 2004.

6) Upper Payment Limits

There are three types of upper payment limits that will be described. One is the owner/related party/administrator/co-administrator limit. The second is the real and personal property fee limit. The last type of limit is an upper payment limit for each cost center. The upper payment limits are in effect during the payment rate period unless otherwise specified by a State Plan amendment.

Owner/Related Party/Administrator/Co-Administrator Limits

Since salaries and other compensation of owners are not subject to the usual market constraints, specific limits are placed on the amounts reported. First, amounts paid to non-working owners and directors are not an allowable cost. Second, owners and related parties who perform resident-related services are limited to a salary chart based on the Kansas Civil Service classifications and wages for comparable positions. Owners and related parties who provide resident-related services on less than a full-time basis have their compensation limited by the percent of their total work time to a standard work week. A standard work week is defined as 40 hours. The owners and related parties must be professionally qualified to perform services that require licensure or certification.

The compensation paid to owners and related parties shall be allocated to the appropriate cost center for the type of service performed. Each cost center has an expense line for owner/related party compensation. There also is a cost report schedule titled, "Statement of Owners

and Related Parties." This schedule requires information concerning the percent of ownership (if over 5 percent), the time spent in the function, the compensation, and a description of the work performed for each owner and/ or related party. Any salaries reported in excess of the Kansas Civil Service based salary chart are transferred to the Operating cost center where the excess is subject to the Owner/Related Party/Administrator/Co-Administrator per diem compensation limit.

The Schedule C is an array of non-owner administrator and co-administrator salaries. The schedule includes the base year historic cost reports in the database from all active nursing facility providers. The salary information is not adjusted for inflation. The per diem data is calculated using an 85% minimum occupancy level for those providers in operation for more than 12 months. The Schedule C for the owner/related party/administrator/co-administrator per diem compensation limit is the first schedule run during the rate setting.

The Schedule C is used to set the per diem limitation for all non-owner administrator and co-administrator salaries and owner/related party compensation in excess of the civil service based salary limitation schedule. The per diem limit for a 50-bed or larger home is set at the 90th percentile on all salaries reported for non-owner administrators and co-administrators. A limitation table is then established for facilities with less than 50 beds. This table begins with a reasonable salary per diem for an administrator of a 15-bed or less facility. A linear relationship is then established between the compensation of the administrator of the 15-bed facility and the compensation of the administrator of a 50-bed facility. The linear relationship determines the per diem limit for the facilities between 15 and 50 beds.

The per diem limits apply to the non-owner administrators and co-administrators and the compensation paid to owners and related parties who perform an administrative function or consultant type of service. The per diem limit also applies to the salaries in excess of the civil service based salary chart in other cost centers that are transferred to the operating cost center.

Real and Personal Property Fee Limit

The property component of the reimbursement methodology consists of the real and personal property fee that is explained in more detail in a later section. The upper payment limit will be 105% of the median determined from a total resident day-weighted array of the inflated property fees.

Cost Center Upper Payment Limits

The Schedule B computer run is an array of all per diem costs for each of the three cost centers—Operating, Indirect Health Care and Direct Health Care. The schedule includes the base year cost data from all active nursing facility providers. Projected cost reports are excluded from the database.

The per diem expenses for the Operating cost center and the Indirect Health Care cost center less food and utilities are subject to the 85% minimum occupancy. All previous desk review and field audit adjustments are considered in the per diem expense calculations. The

costs are adjusted by the owner/related party/administrator/co-administrator limit.

Prior to the Schedule B arrays, the cost data on certain expense lines will be adjusted for historical and forecasted inflation, where appropriate. This will bring the costs reported by the providers to a common point in time for comparisons. The historic inflation will be based on the DRI Index for the cost center limits effective July 1, 2004. This historic inflation factor will adjust costs from the midpoint of each providers cost report period to December 31, 2003 for the Schedule B processing.

Certain costs are exempt from the inflation application when setting the upper payment limits. They include owner/related party compensation, interest expense, and real and personal property taxes.

The final results of the Schedule B run are the median compilations. These compilations are needed for setting the upper payment limit for each cost center. The median for each cost center is weighted based on total resident days. The upper payment limits will be set using the following:

Operating 110% of the median Indirect Health Care 115% of the median 120% of the median 120% of the median

Direct Health Care Cost Center Limit

The Kansas reimbursement methodology has a component for a case mix payment adjustment. The Direct Health Care cost center rate component and upper payment limit are adjusted by the facility average CMI.

For the purpose of setting the upper payment limit in the Direct Health Care cost center, the facility cost report period CMI and the statewide average CMI will be calculated. The facility cost report period CMI is the resident day-weighted average of the quarterly facility-wide average case mix indices, carried to four decimal places. The quarters used in this average will be the quarters that most closely coincide with the financial and statistical reporting period. For example, a 01/01/20XX-12/31/20XX financial and statistical reporting period would use the facility-wide average case mix indices for quarters beginning 04/01/XX, 07/01/XX, 10/01/XX and 01/01/XY. The statewide average CMI is the resident day-weighted average, carried to four decimals, of the facility cost report period case mix indices for all Medicaid facilities calculated effective each payment rate period.

The statewide average CMI and facility cost report period CMI are used to set the upper payment limit for the Direct Health Care cost center. The limit is based on all facilities with a historic cost report in the database. There are three steps in establishing the base upper payment limit.

The first step is to normalize each facility's Direct Health Care inflated per diem cost to the statewide average CMI. The following will describe the normalization process. A facility has an average inflated per diem cost of \$60(**A**) and a facility cost report period CMI of 1.4000(**B**). The statewide average CMI is .9500(**C**). First, divide the statewide average CMI (**C**) by the facility cost report period CMI (**B**) (.9500/1.4000=.68). Second, the quotient is then multiplied by the average inflated per

diem cost (A) to determine the normalized inflated cost at the statewide average CMI ($$60 \times .68 = 40.80). Normalizing each facility's cost to the statewide average CMI ensures a level comparison of direct health care costs can be made when setting the upper payment limit.

The second step is to array the normalized inflated costs, based on the statewide average CMI, to determine the median. The median is located using a day-weighted methodology. That is, the median cost is the per diem cost for the facility in the array at which point the cumulative total of all resident days first equals or exceeds half the number of the total resident days for all providers. The facility with the median resident day in the array sets the median inflated direct health care cost. For example, if there are 8 million resident days, the facility in the array with the 4 millionth day would set the median.

The final step in calculating the base Direct Health Care upper payment limit is to apply the percentage factor to the median cost. For example, if the median cost is \$45 and the upper payment limit is based on 120% of the median, then the upper payment limit for the statewide average CMI would be \$54 (D=120% \times \$45).

Once the base limit for the Direct Health Care cost center is established at the statewide average CMI, the base limit is adjusted by each facility's cost report period CMI to determine a facility specific Direct Health Care cost center upper payment limit. The following will describe the facility-specific upper payment limit process. A facility has an average facility cost report period CMI of 1.4000(A). The statewide average CMI is .9500(B). First, divide the facility cost report period average CMI (A) by the statewide average CMI (B) (1.4000/.9500=1.47). Second, the statewide average CMI limit D (\$54) is multiplied by the quotient to determine the upper payment limit for the facility ($$54 \times 1.47 = 79.38). In the example above, the facility inflated Direct Health Care cost was \$60, which is less than the upper payment limit of \$79.38 for a facility average CMI of 1.4000.

7) Quarterly Case Mix Rate Adjustment

The allowance for the Direct Health Care cost component will be based on the average Medicaid CMI in the facility. The first step in calculating the allowance is to determine the lower of the inflated Direct Health Care cost or the facility's specific Direct Health Care upper payment limit. Using the example in the Upper Payment Limit section, the Direct Health Care cost of \$60 was less than the upper payment limit of \$79.38 for an average CMI of 1.4000.

The next step is to determine the Medicaid acuity adjusted allowable Direct Health Care cost. The Medicaid CMI is divided by the facility cost report period CMI. Using the example above, if the Medicaid average CMI is 1.6000, it is divided by 1.4000 to arrive at a quotient of 1.1400 (1.6000/1.4000). The lower of the inflated per diem cost or the facility specific Direct Health Care upper payment limit is multiplied by the quotient to determine the Medicaid acuity adjusted allowable Direct Health Care cost. In the example, the allowable Medicaid acuity adjusted Direct Health Care cost will be \$68.40 (\$60 x 1.1400).

(continued)

For illustrative purposes, if the facility-specific upper payment limit had been \$55 for an average CMI of 1.4000, the Medicaid rate would have been calculated using the upper payment limit since it was lower than the cost of \$60. In this situation, the allowable Medicaid acuity adjusted cost would be \$62.70 ($1.1400 \times 55).

The Direct Health Care component of the Medicaid rate is adjusted quarterly for changes in the Medicaid CMI. Using the first example above, if the average Medicaid CMI increases from 1.6000 to 1.7000 the following quarter, the allowance for the Direct Health Care cost would increase from \$68.40 to \$72.60. The first step is to divide the new average Medicaid CMI by the facility cost report period CMI established for the rate year (July 1 through June 30) to determine the new quotient (1.7000/1.4000=1.2100). The lower of the facility specific Direct Health Care upper payment limit or the inflated Direct Health Care per diem cost is multiplied by the new quotient to determine the Medicaid allowance. (1.21 x \$60=\$72.60).

Conversely, if the average Medicaid CMI decreases from 1.6000 to 1.5000 the following quarter, the allowance for the Direct Health Care cost would decrease from \$68.40 to \$64.20. Again, the first step is to divide the new average Medicaid CMI by the facility cost report period CMI established for the rate year (July 1 through June 30) to determine the new quotient (1.5000/1.4000=1.0700). The lower of the facility specific Direct Health Care upper payment limit or the inflated Direct Health Care per diem cost is multiplied by the new quotient to determine the Medicaid allowance. (1.0700 x \$60=\$64.20).

8) Real And Personal Property Fee

The property component of the reimbursement methodology consists of the real and personal property fee (property fee). The property fee is paid in lieu of an allowable cost of mortgage interest, depreciation, lease expense and/or amortization of leasehold improvements. The fee is facility specific and does not change as a result of a change of ownership, change in lease, or with reenrollment in the Medicaid program. The original property fee was comprised of two components—a property allowance and a property value factor. The differentiation of fee into these components was eliminated effective July 1, 2002. At that time each facility's fee was re-established based on the sum of the property allowance and value factor.

The property fees in effect on June 1, 2004, were inflated with 12 months of inflation effective July 1, 2004. The inflation factor was from the Data Resources, Inc.-WEFA, National Skilled Nursing Facility Total Market Basket Index (DRI Index). The providers received the lower of the inflated property fee or the upper payment limit.

For providers re-enrolling in the Kansas Medical Assistance program or providers enrolling for the first time but operating in a facility that was previously enrolled in the program, the property fee shall be the sum of the last effective property allowance and the last effective value factor for that facility. The property fee will be inflated and then compared to the upper payment limit. The property fee will be the lower of the facility-specific inflated property fee or the upper payment limit.

Providers entering the Kansas Medical Assistance program for the first time, who are operating in a building for which a fee has not previously been established, shall have a property fee calculated from the ownership costs reported on the cost report. This fee shall include appropriate components for rent or lease expense, interest expense on real estate mortgage, amortization of leasehold improvements, and depreciation on buildings and equipment. The process for calculating the property fee for providers entering the Kansas Medical Assistance program for the first time is explained in greater detail in Exhibit A-14 (K.A.R. 30-10-25).

There is a provision for changing the property fee. This is for a rebasing when capital expenditure thresholds are met (\$25,000 for homes under 51 beds and \$50,000 for homes over 50 beds). The original property fee remains constant but the additional factor for the rebasing is added. The property fee rebasing is explained in greater detail in Exhibit A-14 (K.A.R. 30-10-25). The rebased property fee is subject to the upper payment limit.

9) Incentive Factor

The incentive factor is a per diem add-on ranging from zero to fifty cents. It is based on the per diem cost of the Operating cost center less the real and personal property taxes expense line. The per diem allowance for this cost center less property taxes is determined before the owner/related party/administrator/co-administrator limitation is applied.

The incentive is designed to encourage economy and efficiency in the operating cost center. Property taxes are excluded. There is an inverse relationship between the incentive factor and the per diem cost used to determine it. The higher the per diem cost, the lower the incentive factor.

The Schedule E is an array of the per diem costs used to determine the incentive factor. The schedule includes costs from the base year historical cost report for all active providers. No projected cost reports are included. The 85% occupancy rule is applied in determining the per diem costs. The costs are not adjusted for inflation.

The Schedule E summarizes all expense lines from the Operating cost center, less property taxes. The ownership costs are excluded from the array so that both older facilities (with relatively lower ownership costs) and newer facilities (with relatively higher ownership costs) can benefit from the incentive factor through efficient operations.

The total per diem costs for the operating cost center, less property taxes, are arrayed and percentiles established. These percentiles then become the basis for establishing the per diem cost ranges used to determine each provider's efficiency factor, consistent with agency policy. The ranges are defined as follows:

Provider's Percentile Ranking	Incentive Factor Per Diem
-0- to 30th Percentile	\$.50
31st to 55th Percentile	.40
56th to 75th Percentile	.30
76th to 100th Percentile	-0-

10) Rate Effective Date

Rate effective dates are determined in accordance with K.A.R. 30-10-19. The rate may be revised for an add-on

reimbursement factor (i.e., rebased property fee), desk review adjustment or field audit adjustment.

11) Retroactive Rate Adjustments

Retroactive adjustments, as in a retrospective system, are made for the following three conditions:

A retroactive rate adjustment and direct cash settlement is made if the agency determines that the base year cost report data used to determine the prospective payment rate was in error. The prospective payment rate period is adjusted for the corrections.

If a projected cost report is approved to determine an interim rate, a settlement also is made after an historic cost report is filed for the same period.

All settlements are subject to upper payment limits. A provider is considered to be in projection status if they are operating on a projected rate and they are subject to the retroactive rate adjustment.

12) Comparable Private Pay Rates

The last factor considered in determining a provider's Medicaid per diem payment rate is their private pay rate. Providers are reimbursed the lower of the calculated Medicaid rate or their private pay rate. The agency maintains a registry of private pay rates. It is the responsibility of the providers to send in private pay rate updates so that the registry is updated. When new Medicaid rates are determined, if the private pay rate reflected in the registry is lower, then the provider is held to that private pay rate until the provider sends notification that it has a higher private pay rate.

Case Mix Adjustments to Private Pay Rates

Private pay rates submitted to the agency are adjusted up if a provider's average private pay/other CMI is lower than its Medicaid average CMI. This is accomplished by multiplying the provider's average private pay rate in the private pay registry by the ratio of their Medicaid average CMI to their average private pay/other CMI. This ensures that providers' Medicaid rates are not limited to a lower private pay rate that may be attributed to the lower acuity of the private pay residents. There is no adjustment to private pay rates if the facility's Medicaid average CMI is less than its average private pay/other CMI. There is also no adjustment to private pay rates if the facility's total Medicaid rate is less than its average private pay rate.

A.2 Attachment 4.19D, Part I, Subpart E: Rates When Two or More Nursing Facilities Merge Under One License

The Kansas Department on Aging maintains a policy wherein if two nursing facilities meet certain policy criteria, KDOA will issue one license for two facilities. Subpart E will explain the methods and standards for establishing payment rates when two or more facilities are merged under one license.

Cost Reports

Providers who have participated in the Medicaid program for 12 months or longer as of December 31 are required to file a calendar year Nursing Facility Financial and Statistical Report (cost report). For facilities that

merge under one license, the provider will file one cost report for the facilities for the complete calendar year following the merger and all subsequent calendar years while the facilities remain merged under one license for any portion of the calendar year. The calendar year end cost report will be for 12 months. The cost report will consist of the individual operations of each facility for any part of the calendar year that they operate under separate licenses and the combined operations during any part of the year that they operate under one license. The number of beds, resident days, Medicaid days and Medicare days will be the total for the facilities merged under one license. All changes in the number of beds during the calendar year will need to be reflected for the merged facilities

The working trial balances for the merged facilities will need to be combined to fill out the schedules in the cost report. Schedule A, Expense Statement, shall reflect the total staff hours and the total direct and indirect expenditures for the merged facilities. The total revenue and related revenue offsets in Schedule G, Revenue Statement, shall be the total for the merged facilities. For part of the calendar year, the working trial balance may reflect the independent operations for each facility and then following the merger the working trial balance may be consolidated. The working trial balances shall reconcile to the applicable cost report schedules. A schedule that lists all general ledger accounts grouped by cost report line number shall be submitted with the combined cost report.

Rate Determination

Medicaid rates for Kansas NFs and NFs-MH are determined using a prospective, facility-specific rate-setting system. The rate is determined from the base year cost data submitted by the provider. When multiple facilities are joined on one license, the reimbursement rates for each facility will be determined in accordance with the methodology found in Subpart C and as though the facilities remained as separate providers. The only time a new rate will be determined from a combined cost report is when a base year is established that occurs during or after the calendar year that the merger occurred.

Resident Days Used in Denominator

The allowable historic per diem costs for the Direct Health Care cost center and food and utilities in the Indirect Health Care cost center are determined by dividing the allowable resident related expenses by the actual resident days during the cost report period. The allowable historic per diem cost for the Operating cost center and Indirect Health Care cost center less food and utilities is subject to an 85% minimum occupancy rule. The greater of the actual resident days reported for the merged facilities or days calculated at the 85% minimum occupancy will be used in the denominator of the rate calculation. If the 85% occupancy rule does not apply during the first 12 months of operation of a facility, then actual days will be used for that facility for the period that the rule does not apply. If only one of the facilities did not have the 85% occupancy rule applied then the provider will need to report the number of beds and resident days separate

(continued)

for that facility so that the available bed days for the merged facilities can be determined.

Real and Personal Property Fee (Property Fee) for Merged Facilities

A combined Real and Personal Property Fee will be determined for facilities merged under one license only when a base year is established that occurs during or after the calendar year that the merger occurred. The property fee for two or more facilities that are merged under one license will be based on the day-weighted average property fee for the merged facility. The cost report used to determine the current rates would be used for the resident days for the day weighting.

For example, Facility A has a property fee of \$4.00 per day and 10,000 resident days and Facility B has a property fee of \$5.00 per day and 15,000 resident days. The day-weighted average property fee will be \$4.60 (\$4 x 10,000 days + \$5 x 15,000 = \$115,000/25,000 total days = \$4.60). There will no longer be a value factor in the merged property fees.

Resident Assessments and Case Mix Index

The resident assessment database, based on the minimum data set (MDS), for the facilities merged under one license will be combined beginning with the first quarter after the merger. The facilities will continue to receive separate rates until after the common calendar year cost report is received for a July 1 rate. However, the case mix index will be the same for the facilities when determining rates after the MDS data base for each facility are merged in the first quarter after the facilities are under a combined license.

Rates for Facilities Under One License if They Later Decide to Go Back to Separate Licenses

Cost Reports and Rates

If two or more facilities merge under one license and later decide to go back to individual licenses, they will file separate calendar year cost reports for the complete calendar year following the year in which they separate. Rates for each facility will be determined from base year cost report data whether that report is a combined report or not.

Real and Personal Property Fees

If two or more facilities that are merged under one license later decide to split and have individual licenses within five years, the old property fees will be reassigned to the individual facilities. The additional allowance for a property fee rebasing after the property fees were combined would be added to the individual property allowances after the facilities split. The two facilities used in the combining of property fees above had a property fee of \$4.60. As an example, if a property fee rebasing took place later that added \$.50, the property fee will be \$5.10. If Facilities A and B split before five years, the property fee for Facility A will be \$4.50 (\$4.00 + \$.50) and the property fee for Facility B will be \$5.50 (\$5.00 + \$.50).

If the facilities decide to split and go back to individual licenses after five years, each facility will continue to have the same property fee as determined when they merged.

Resident Assessments and Case Mix Index

If the merged facilities later decide to split into separate licenses, the MDS database will be maintained for the individual facilities beginning the first quarter after the facilities have separate licenses.

II. Final Medicaid Per Diem Rates for Kansas Nursing Facilities

A. Cost Center Limitations: The state establishes the following cost center limitations that are used in setting rates effective July 1, 2004.

		Per Day
Cost Center	Limit Formula	Limit
Operating	110% of the Median Cost	\$21.11
Indirect Health Care	115% of the Median Cost	\$34.53
Direct Health Care	120% of the Median Cost	\$64.02
Real and Personal	105% of the Median Fee	\$6.45
Property Fee		

These amounts were determined according to the "Reimbursement Limitations" section. The Direct Healthcare Limit is calculated based on a CMI of 0.9197, which is the statewide average.

B. Case Mix Index. These final rates are based upon each nursing facility's Medicaid average CMI calculated with a cutoff date of April 1, 2004, using the July 1, 2004, Kansas Medicaid/Medikan CMI Table. In Section II.C below, each nursing facility's Medicaid average CMI is listed beside its final per diem rate.

III. Justifications for the Final Rates

- 1. The final rates are calculated according to the ratesetting methodology in the Kansas Medicaid State Plan and pending amendments thereto.
- 2. The final rates are calculated according to a methodology which satisfies the requirements of K.S.A. 39-708c(x) and the Department of Social and Rehabilitation Services regulations in K.A.R. Article 30-10 implementing that statute and applicable federal law.
 - 3. The state's analyses project that the final rates:
- a. Would result in payment, in the aggregate of 94.50% of the Medicaid day weighted average inflated allowable nursing facility costs statewide; and
- b. Would result in a maximum allowable rate for the statewide average CMI of 0.9197 of \$126.11; with the total average allowable cost being \$117.05.
 - c. Estimated average rate July 1, 2004 \$107.36 Average payment rate July 1, 2003 \$102.50 Amount of change \$4.86 Percent of change 4.74%
- 4. Estimated annual aggregate expenditures in the Medicaid nursing facility services payment program will increase by approximately \$8 million.
- 5. The state estimates that the final rates will continue to make quality care and services available under the Medicaid State Plan at least to the extent that care and services are available to the general population in the geographic area. The state's analyses indicate:
- a. Service providers operating a total of 312 nursing facilities (representing 98% of all the licensed nursing facilities in Kansas) participate in the Medicaid program, while an additional 43 hospital-based long-term care units also are certified to participate in the Medicaid
- b. There is at least one Medicaid-certified nursing facility and/or nursing facility for mental health, or

1-45-7a

Revoked

Medicaid-certified hospital-based long-term care unit in each of the 105 counties in Kansas;

- c. The statewide average occupancy rate for nursing facilities participating in Medicaid is 85.5%;
- d. The statewide average Medicaid occupancy rate for participating facilities is 55.6%; and
- e. The final rates would cover 94.01% of the estimated direct health care costs incurred by participating nursing facilities statewide.
- 6. Federal Medicaid regulations at 42 C.F.R. 447.272 impose an aggregate upper payment limit that states may pay for Medicaid nursing facility services. The state's analysis indicates that the final methodology will result in compliance with the federal regulation.

IV. The State's Response to Written Comments on the **Published Proposals**

The state received four letters with comments to the Notice of Proposed Nursing Facility Medicaid Rates for State Fiscal Year 2005, Methodology for Calculating Proposed Rates, and Rate Justifications; Notice of Intent to Amend the Medicaid State Plan and Request for Comments published in the April 29, 2004 Kansas Register. The state thanks the commenters for their interest, efforts and suggestions. The state reviewed, discussed and considered those comments before approving the final rate-setting methodology and the final per diem rates published in this notice

V. Notice of Intent to Amend the Medicaid State Plan

The state intends to submit the Medicaid State Plan amendments to CMS on or before September 30, 2004.

INDEX TO ADMINISTRATIVE REGULATIONS

This index lists in numerical order the new, amended and revoked administrative regulations and the volume and page number of the Kansas Register issue in which more information can be found. Temporary regulations are designated with a (T) in the Action column. This cumulative index supplements the 2003 Volumes of the Kansas Administrative Regulations.
